

TLB DAC Study: Management and Non-  
Infrastructure Solutions Pilot  
*Porterville Community Review Process Meeting*

---

**Questionnaire 2: Gauging General Interest**

Are the solutions presented, solutions you could see implemented in your community? Are there any other solutions that you think we should be considering (specify)?

---

---

---

---

---

---

---

---

Has your community implemented any type of shared resources solution? If so, what type(s)? What are things to consider or avoid when pursuing these solutions?

---

---

---

---

---

---

---

---

Are you interested in exploring these types of solutions, if so which ones interest you and why? Which solutions don't interest you and why not?

---

---

---

---

---

---

---

---

TLB DAC Study: Management and Non-  
Infrastructure Solutions Pilot  
*Porterville Community Review Process Meeting*

---

What would you need for these or other types of shared solutions to work for you? What type of additional information, studies or analysis would be helpful for you to develop and implement these kinds of solutions?

---

---

---

---

---

---

---

---

The management non infrastructure pilot will include a roadmap to inform communities about shared solutions and provide guidance on how to implement those solutions. Are you interested in participating in the development of a plan that could be used to guide the implementation of shared resources solutions?
